Route: All pages · 12 items

ID	Priority	Location	Type	Current copy	New copy	Why	Due
G-01	**High**	Header, logo and page titles across the app	Brand name / logo	"Takhleeq Problem Solving Institute" (landing H1), "Takhleeq ERP" (footer), "UCP incubator" (landing header), "Takhleeq public scheduler" (booking), "Takhleeq Central Signage" (TV), "Takhleeq Cohort Portal" (apply + founder), "Problem Solving Institute ERP" (login), "Staff Back-Office Portal" (staff login), "Takhleeq ERP Portal" + "Takhleeq Backoffice Console" (admin). Logo letter is "T" on some pages and "C" on others.	Public pages: "Takhleeq – UCP Startup Incubator". Signed-in areas: "Takhleeq Portal" plus the area name (Bookings, Founder, Staff). Logo letter always "T".	Nine names for one product. Users can't tell whether they are still on the same site.	30th oct
G-02	**High**	Founder portal and admin portal	Values, dropdown options, badges	Raw system values shown to people: IDEA_STAGE, PRE_REVENUE, POST_REVENUE, BOOTSTRAPPED, ANGEL_FUNDED, ORIENTATION_CONDUCTED, NOT_ENROLLED, "None", field_startup_name, cohort:dashboard_view, SUBMIT_BOOKING.	Map every system value to a display label (e.g. IDEA_STAGE → "Idea stage"). Never show database keys or "None".	Looks like an error and makes the product feel unfinished. Exact items are listed per page below.	30th oct
G-03	**Medium**	All buttons, labels, table headers, badges	Text case (CSS)	Most labels are forced to ALL CAPS by CSS (e.g. "BOOK A SPACE", "SUBMIT BOOKING REQUEST", "MONTHLY REVENUE (MRR)", "PENDING REVIEWS").	Remove the uppercase style. Use sentence case: "Book a space", "Send booking request", "Monthly revenue".	All-caps is harder to read, especially on phones. "Current copy" in this report shows the text as written in the code.	30th oct
G-04	**Medium**	Book a Space, Booking Register, Booking Types, Room Management, Booking Analytics	Field name	The same field has six names: "Booking Type" (public form), "Requester Type" (Register filter), "User Type" (Register column), "Classification" (Booking Types), "Permitted Booking Categories" (room dialog), "Purpose" (Analytics report column).	Public form: "I'm booking as". Admin everywhere: "Booked as". Admin page name: "Who can book".	Staff can't tell these are the same thing.	30th oct
G-05	**Medium**	Cohort Dashboard, Review Applications, Application detail, Track Application	Status names	Dashboard shows 6 stages (Applied, In Review, Shortlisted, Evaluated, Accepted, Rejected). Review Applications shows 12 different stages. The table also shows "SUBMITTED", which is in neither list.	Use one list of 12 stages with the same display names everywhere (see A-RA-03). The dashboard can group them.	Counts and labels don't match between screens.	30th oct

ID	Priority	Location	Type	Current copy	New copy	Why	Due
G-06	**Medium**	Apply form Q7, Founder Profile, Active Startups, Startup detail	Startup stage list	Apply form has 5 stages ("Idea stage", "Problem Discovery / validation", "Proof of Concept / MVP", "Post Revenue", "Scale"). Admin has 6 ("1. Idea Stage" … "3. Market Validation", "4. POC / MVP", "6. Scale Stage"). Founder sees "IDEA_STAGE".	One list of 6: Idea · Problem discovery · Market validation · Prototype / MVP · Earning revenue · Scaling.	Founders and staff are talking about different stage lists.	30th oct
G-07	**Medium**	Pivot form, Active Startups filter, Startup detail, Edit Details	Industry list	Pivot form has 12 industries (e.g. "FinTech & Banking"). Active Startups filter has 6 different names (e.g. "FinTech & Commerce"). Startup "ugug" shows "General Tech", which is in neither list.	One shared industry list in all places.	Filters miss startups and the pivot approval can write a value admins can't filter by.	30th oct
G-08	**Medium**	Founder feedback, admin Founder Feedback, Survey builder	Privacy wording	One choice, five names: "Identified", "Include My Name", "[person icon] Non-Anonymous", "Public", "Non-Anonymous Only".	"Named" and "Anonymous" everywhere.	Consistent words build trust in the privacy promise.	30th oct
G-09	**Medium**	Booking Register, Ban reports, Application detail, Audit log	Date format	"2026-10-14", "10/4/2026", "Oct 12, 2026, 03:47 PM", "Monday, October 26, 2026" all used.	"14 Oct 2026" and "14 Oct 2026, 3:47 PM" everywhere.	"10/4/2026" reads as 10 April in Pakistan.	30th oct
G-10	**High**	Founder Overview, Startup detail, admin Founder Feedback	Stat values with no data	Shows a perfect score when there is no data: "Session Attendance 100%" with 0 sessions, "Attendance Compliance 100%", "Average Rating 5.0 / 5.0 Stars" with 0 responses.	Show "—" and "No data yet" until there is data.	Misleading numbers. Staff could make decisions on fake 100% scores.	30th oct
G-11	**Low**	Booking form, TV signage, Room Management, Analytics	Units	"Cap. 15", "15 persons", "15 seats", "Capacity: 15 Persons".	"15 seats" everywhere.	Consistency.	30th oct
G-12	**Low**	Book a Space, Apply form, Founder Profile	Phone placeholder	"e.g. 03001234567" (booking), "e.g. 0300-1234567" (apply), "+92 300 1234567" (founder profile).	One example everywhere: "e.g. 0300 1234567", and accept all three formats.	Consistency; fewer validation errors.	30th oct

Public pages › Track Booking

Route: /track · 7 items

ID	Priority	Location	Type	Current copy	New copy	Why	Due
TRK-01	**Low**	Search card	Heading + subheading	"Track Specific Request" / "Lookup any space request instantly using either your unique Reference ID or email"	"Find a booking" / "Enter your booking ID or the email you booked with."	Plain language.	2nd November
TRK-02	**High**	Search card	Placeholder	"e.g. T-1001 or usman@society.pk"	"e.g. TBK-2026-011 or you@ucp.edu.pk"	Real booking IDs look like TBK-2026-011, so the example teaches the wrong format.	2nd November
TRK-03	**Low**	Search card	Button + icon label	"Lookup" · icon "Refresh database records"	"Find" · "Refresh"	Plain language.	2nd November
TRK-04	**Medium**	Search results	Empty state	"No matching space bookings found for "T-1001". Please verify your Reference ID or Email address."	"We couldn't find a booking for "T-1001". Check the ID in your confirmation email."	Says where to find the right ID.	2nd November
TRK-05	**Low**	History card	Heading	"Your Personal History"	"My bookings"	Plain language.	2nd November
TRK-06	**High**	History card	Subheading	"Showing bookings requested by your active simulated identity: <email>"	"Bookings made with <email>"	Developer/test text visible to students.	2nd November

ID	Priority	Location	Type	Current copy	New copy	Why	Due
TRK-07	**High**	History card	Empty state	"No booking history found for <email>. Submit a new request in the Booking Portal or switch your simulated identity at the top to load a different history."	"You haven't booked a room yet." + link "Book a room"	Refers to an identity switcher that doesn't exist.	2nd November

Public pages › Track Application

Route: /cohort-track · 5 items

ID	Priority	Location	Type	Current copy	New copy	Why	Due
TAP-01	**Low**	Page top	Badge + heading	"Admissions Tracker" / "Track Your Application Progress"	Remove badge / "Track your application"	Shorter.	2nd November
TAP-02	**Medium**	Page top	Subheading	"Verify the real-time stage of your startup application or confirm your incubator cohort placement seat."	"Enter the tracking ID from your confirmation email to see where your application is."	Says where to find the ID.	2nd November
TAP-03	**High**	Search box	Placeholder	"Enter Token (e.g. TK-STR-7821)"	"Tracking ID (e.g. TK-STR-7821) or email"	"Token" is jargon; applicants who lost the ID have no other option.	2nd November
TAP-04	**Medium**	Search result	Error message	"Tracking Token Error: No application found matching the provided token."	"We couldn't find that tracking ID. Check your confirmation email, or contact takhleeq@ucp.edu.pk."	Error reads like a system fault and gives no next step.	2nd November
TAP-05	**Low**	Search box	Button	"Track"	"Check status"	Clearer.	2nd November

Public pages › Staff sign-in and access denied

Route: /staff/login · 5 items

ID	Priority	Location	Type	Current copy	New copy	Why	Due
STF-01	**High**	Staff sign-in card	Tabs, buttons, labels	The staff page shows the same card as students: "Startup Founder" tab, "Sign In to Founder Portal", student presets and "(Optional for student accounts)".	Staff page: Microsoft sign-in and staff email/password only. Title "Staff sign-in".	Staff see founder and student options.	6th nov
STF-02	**High**	Staff sign-in card footer	Footnote	"This login is restricted to verified administrator and manager accounts. Unauthorized login attempts are recorded on the immutable system audit trail."	"For Takhleeq staff only. Students and founders: sign in here." (link to /login)	Threatening tone; no help for people who are on the wrong page.	6th nov
STF-03	**Low**	Staff sign-in card header	Subheading	"Staff Back-Office Portal"	"Staff sign-in"	Plain language.	6th nov
ACC-01	**Medium**	Access denied page	Heading + text + button	"Access Restricted" / "Your assigned role does not grant permission to view this module." / "Go to Accessible Workspace"	"You don't have access to this page" / "This area is for Takhleeq staff. If you think this is a mistake, email takhleeq@ucp.edu.pk." / "Go to my dashboard"	Plain language and a way to get help.	6th nov
ACC-02	**Low**	Access denied page › top bar	Badge + text	"Takhleeq Backoffice Console" · "Operational Pending Reviews" shown to a founder	Hide the staff top bar on this page.	Shows staff-only labels to non-staff.	6th nov

Founder portal › Header and tabs (all founder screens)

Route: /founder-dashboard · 3 items

ID	Priority	Location	Type	Current copy	New copy	Why	Due
F-HDR-01	**Medium**	Top header + startup header	Pill + button	Pill "Founder Portal" (top) and button "Main Portal" (startup header)	Remove the pill (it's the page you're on). Rename the button "Home".	Two navigation labels; unclear where "Main Portal" goes.	6th nov
F-HDR-02	**Low**	Page while loading	Loading message	"Synchronizing Founder Workspace" / "Retrieving cohort enrollment, sessions, assignments, and real-time ERP records..."	"Loading your dashboard…"	Developer language.	6th nov
F-TAB-01	**High**	Tab row	Tabs	"Overview" · "Sessions & Mentorship" · "Assignments & Submissions" · "1-on-1 Check-ins & Tasks" · "Startup Profile & Revenue" + badge "Editable" · "Strategic Pivots" · "Feedback & Surveys" · "Notices & Warnings"	"Overview" · "Sessions" · "Assignments" · "Check-ins" · "Profile" · "Pivots" · "Feedback" · "Notices" (remove the "Editable" badge)	The labels are too long to fit, so the row scrolls sideways and tabs are hidden.	6th nov

Founder portal › Profile tab

Route: /founder-dashboard › Startup Profile & Revenue · 12 items

ID	Priority	Location	Type	Current copy	New copy	Why	Due
F-PRF-01	**Medium**	Top card	Heading + subheading	"Startup Venture Profile & Financials" / "Update your revenue, funding, team members, social presence, and deck links"	"Startup profile" / "Keep your startup's details up to date."	Shorter.	10th nov
F-PRF-02	**Medium**	Top and bottom of page	Buttons	"Save Profile & Metrics" (top) · "Save All Profile & Financial Edits" (bottom)	One "Save changes" button that stays visible at the bottom.	Two save buttons with different wording.	10th nov
F-PRF-03	**Medium**	Section cards	Badges + subheading	"Editable by Founder" (twice) · "Founder editable financial performance indicators"	Remove. Mark only read-only parts with a lock icon.	Noise; everything here is editable.	10th nov
F-PRF-04	**High**	Financial section › Revenue Status	Dropdown options	"PRE_REVENUE (Idea/Validation)" · "POST_REVENUE (Generating Income)" · "PROFITABLE"	"Not earning yet" · "Earning revenue" · "Profitable"	Raw system values.	10th nov
F-PRF-05	**High**	Financial section › Funding Status	Dropdown options	"BOOTSTRAPPED" · "ANGEL_FUNDED" · "SEED_FUNDED" · "SERIES_A"	"Self-funded" · "Angel funded" · "Seed funded" · "Series A"	Raw system values.	10th nov
F-PRF-06	**High**	Financial section	Labels + placeholders	"Monthly Revenue / MRR ($ / PKR)" · "Annual Recurring Revenue / ARR ($ / PKR)" · "Total Funding Raised ($ / PKR)" (e.g. $50,000 or PKR 5,000,000) · "Monthly Burn Rate ($ / PKR)"	"Monthly revenue (PKR)" · "Yearly revenue (PKR)" · "Total funding raised (PKR)" · "Monthly spending (PKR)" — each with a "?" tooltip explaining the term	Students won't know MRR, ARR or burn rate. Mixed currencies in free text make the numbers impossible to compare.	10th nov
F-PRF-07	**Low**	Financial section	Labels + placeholder	"Team Size (Count)" · "Pitch Deck Link / Video Demo URL" (https://docsend.com/view/...)	"Team size" · "Pitch deck or demo video link" (e.g. a Google Drive or YouTube link)	Shorter; local example.	10th nov
F-PRF-08	**Low**	Links section	Heading + subheading	"Social Handles & Online Presence" / "Manage public links and founder contacts"	"Links & contact"	Shorter.	10th nov
F-PRF-09	**Low**	Links section	Fields	Website, LinkedIn, "Twitter / X Profile", GitHub only	Add Instagram and Facebook.	These are what most student startups use.	10th nov
F-PRF-10	**Low**	Links section	Label	"Startup Tagline & Mission Description"	"Tagline (one line)"	One field asking for two things.	10th nov
F-PRF-11	**Low**	Team section	Heading + subheading	"Co-Founders & Core Team Roster" / "Key members associated with this venture"	"Team"	Shorter.	10th nov
F-PRF-12	**Medium**	Read-only section	Heading + badge + values	"Admin Managed Incubator Ledger" · "Read-Only (Incubator Admin)" · "Program Stage: IDEA_STAGE"	"Program details" · lock icon "Set by staff" · "Idea stage"	Jargon and a raw value.	10th nov
